

Wilcox's Aimpoint Comp-M Mount

Aimpoint Comp-M Mount

**The Aimpoint Comp-M Mount
Affixed to the Aimpoint Comp-M Sight**

The Wilcox *Aimpoint Comp-M Mount* is a unique mount that allows an operator to affix a Comp-M Sight to any weapon that has a Picatinny Rail System. For an added nighttime advantage, the Wilcox *AN/PVS-14/18 NVG Weapon Mount*, (sold separately, see TDS061) allows the operator to mount an AN/PVS-14 or 18 NVG in series, which can position the dot of the Aimpoint Comp-M Sight in the view of the NVG.

Features:

- Securely Attaches the Aimpoint Comp-M Sight to any Weapon that has a Picatinny Rail System
- Easily Integrates with the Wilcox AN/PVS-14/18 NVG Weapon Mount (see TDS061) for an Added Nighttime Advantage when use of an NVG in Conjunction with the Comp-M Sight (AN/PVS-14 setup requires an optional Wilcox *AN/PVS-14 Arm with NVG Interface*, sold separately, see TDS063)
- Design Approach Cuts Down on Logistics and Overall System Cost
- Each Mechanical Adjustment is Durable and Ergonomically Positioned for Easy One-Handed Operation while Handling a Weapon
- Maintains a Very Low Profile Stance on the Weapon
- Flat Matte Finish for Covertness in Combat Conditions
- Thousands of Mounts of this Type Fielded to Date
- Combat Proven by the US Special Operations Community and Domestic Law Enforcement Personnel

Aimpoint Comp-M Mount Components (See Above):

- 1) A Rail Grabber secures the mount to a MIL-STD-1913 rail to ensure proper alignment of the Aimpoint Comp-M Sight.
- 2) A Thumb Nut assists in easy mount and dismount of the Aimpoint Comp-M Mount to the rail. It can be easily secured with a gloved hand. A coin slot, located in the head of the Thumb Nut assists the operator with rotation.

Specifications:

Weight	3.15 oz (0.09 kg)
Material Construction	Light Weight, Aerospace Grade Metal
Weapon Mounting Configuration	MIL-STD-1913 Rail

Order Numbers:

13600601 Aimpoint Comp-M Mount
