

**The Wilcox Multi-Function Tail Cap Switch (P/N 44700G01)
Mounted to the SureFire Scout Light WeaponLight
(Illustrated with the M-4 Weapon and Wilcox TCVG)**

**The Wilcox Multi-Function Tail Cap Switch (P/N 44700G02)
Mounted to the SureFire WeaponLight (Illustrated with the
M-4 Weapon and Wilcox TCVG)**

The Wilcox *Multi-Function Tail Cap Switch for Various SureFire Tactical WeaponLights* is designed to easily replace the existing flashlight Tail Cap Switch on the SureFire *Millennium Universal, Classic Universal, Vertical Foregrip, and Scout Light WeaponLight* systems. This replacement switch assembly allows the SureFire flashlight to easily integrate with the Wilcox *Total Control Vertical Grip™* by means of a Remote Connector Cable (see TDS118). A double-tap switch located on the back of the switch provides momentary on or constant on operation when used independent of the TCVG, for operation similar to the ATPIAL.

Features:

- Easily Mounts to Various SureFire Modular Flashlights; Fully Replacing the SureFire Tail Cap Switch Assembly
- Provides Full Integration with the Wilcox *Total Control Vertical Grip (TCVG)*, Eliminating the Need for Strip Switches that Interfere with Operation
- Allows Hand-Held or Weapon-Mounted Operation of the WeaponLight independent of the Wilcox *Total Control Vertical Grip (TCVG)*
- Non-Reflective Finish for Limited Visibility in Harsh Environments

Order Numbers:

- 44700G01** Multi-Function Tail Cap Switch for the SureFire Scout Light WeaponLight System
- 44700G02** Multi-Function Tail Cap Switch for the SureFire Millennium Universal, Classic Universal, and Vertical Foregrip WeaponLight Systems

Multi-Function Tail Cap Switch Components (See Above):

- 1)** A threaded interface (not illustrated) allows easy mount and dismount to the back of the WeaponLight housing.
- 2)** A Remote Connection Port located on the back of the Tail Cap allows for mounting of the Remote Connector.
- 3)** An Activation Switch located on the back of the Tail Cap allows manual operation of the WeaponLight.

Specifications:

Material Construction High Strength Polymer
